

Cashier I - Job Description

Updated October 2009

Job Overview

At the highest level, Home Depot associates must (a) provide outstanding customer service to our Customers and (b) drive the sales and profitability of the store. Customer service objectives include delighting our Customers each and every day and fostering long-term loyalty bonds between our Associates and our Customers. There are six key priorities that deliver the Home Depot shopping experience:

1. Having good quality products available (in-stock, broad selection)
2. Making it easy and safe for our Customers to shop our stores (uncluttered, navigable store)
3. Giving our Customers good value (everyday low prices)
4. Providing our Customers the help they need (available aprons dedicated to service)
5. Offering extra services (installation, delivery, special orders. Etc.)
6. Making the shopping experience exciting and fun

The Front End is the last opportunity we have to delight our customers and resolve negative customer service experiences. The Cashier plays an important role to ensure this occurs by carrying out the responsibilities listed in this description.

Consistently demonstrates Customer FIRST behaviours. Proactively directs customers to open registers and assists customers with Self Checkout. Handles customer complaints in a professional manner. Promptly notifies the Head Cashier or another member of management if customer needs are not fully met. Follows all front end and loss prevention policies and procedures. Each associate has the responsibility of providing a safe working and shopping environment by following all safety policies & standards, completing specified safety training, immediately correcting hazards & unsafe conditions or reporting conditions to the Manager On Duty, and working safely as not to endanger themselves, co-workers, vendors, or customers.

Primary Tasks and Responsibilities

Customer FIRST

Provides customers with excellent customer service

FIND

- When you are not assisting a customer, go to the front of your line, find a customer and say, "I will be happy to help you over here"

INQUIRE

- When a customer is checking out at your register, ask "Did you find everything you were looking for?"

RESPECT

- Make eye contact, smile, greet and talk with customers during checkout.

SOLVE

- While ringing customers up, ask about their shopping experience. If negative, try to solve the problem by saying "Let me call someone to help you".

THANK

- Finish the transaction by saying "Thank you for shopping with us. We appreciate your business!"
- Remove small items from the customer's cart
- Notify the Head Cashier whenever lines form (this includes two or more customers waiting to check out)
- Advise customers you will assist them shortly if helping another customer
- Assess the customer's need for loading assistance, taking into consideration the merchandise being purchased as well as other environmental factors
- Ask customers if they would like to put their purchase on the Home Depot credit card of purchase ESP?

Daily Tasks

- Request cash float and call Head Cashier to determine assigned work station
- Read and sign any new messages in communication log book (important to verify every day).
- Make sure you are aware of promotions and promotion locations so you can direct customers and how to process rebates for the day.
- Clean work station- empty waste basket, dust and clean between counter and cash, clean cash screen, ensure there is no product lying around. If so advise head cashier and bring back returns.
- Verify in cashier drawer that there are sufficient deposit slips, closing slips, etc.
- Refill stock available at checkout, ensure that bags are present and filled.
- Keep receipt envelope with you at all times. Do not leave it at the work station and place it in your associate locker at the end of your shift.
- Other duties as assigned
- Achieve cashier metrics on a daily basis (e.g. percentage of time quantity key used, percentage of scans per hour, etc.)
- If assigned to Self Checkout (where available), proactively direct customers to Self Checkout, assist customers to trouble shoot and resolve issues, actively monitor notification messages at the Cashier Station and assess the situation prior to over riding
- Monitor all entrances and exits, request proof of payment when necessary
- Understand and comply with Electronic Article Surveillance (EAS) System Log requirements and the proper approach method inside the building.

Maintain Front End Security & Prevent Shrink

- **Register Gates & Alarms (SOP FE 02-20):** Any unattended mainline register must have a register secured with an approved gate alarm at all times. Do not store any product in front of or behind a register gate.
- **Processing Credit Card Sales (SOP FE 04-10):** Verify the last four digits on the customer credit card match the last four digits of the account number that prints on the receipt. If the digits don't match, call Loss Prevention or the Manager on Duty. Follow all policies for Bank credit cards, what actions to take if the Credit Card is not signed and if signatures do not match, valid forms of identification for credit card transactions and credit card purchases at SCO that exceed preset dollar amount.
- **Accepting Cheques (SOP FE 04-20):** Ensure the cheque meets Home Depot requirements and valid forms of identification for cheque acceptance are presented by the Customer
- **Responding to the EAS Alarm (SOP FE 02-20):** Immediately approach the customer (walk never run) and ask the customer to move away from the system, apologize for the inconvenience, explain that the inventory control tag was not deactivated, request to see the customer's receipt and ensure the item which triggered the alarm has been paid for, if the customer admits to stealing or attempting to steal the item, contact a member of Loss Prevention immediately and log as a recovery. Advise the Front End Supervisor that the EAS system malfunctioned and log appropriate EAS alarms in the EAS System Activity Log when required.
- **Controlling Shrink on the Front End (SOP FE 02-20):** Anytime customers purchase merchandise such as tool boxes, mailboxes, garbage cans and other non-factory sealed boxes, always check inside for hidden items. If you find a hidden item, do NOT accuse the customer of trying to steal. Simply ask if the customer would like to purchase the item. The practice for ringing items using the slot scanner is the drag, scan, look and bag technique. The process is to drag the merchandise over the deactivating pad, scan the product with the slot scanner, look at the screen to verify the correct product and description and then bag the merchandise. This technique should be used for ALL items small enough to fit on the check stand. Ensure all policies relating to when it is acceptable to use the quantity key are followed. In the event that an article does not scan, the item check key must be used. Follow all policies relating to when it is acceptable to use the quantity key. If an article doesn't scan, contact the department immediately.
- **Till Security policies (SOP FE 03-10):** The register will prompt the Cashier to process a strip when the till accumulates excess cash. The Cashier should send the strip to the Vault using the pneumatic tube system. Each till should be used by only ONE Cashier. Only the Cashier assigned to a particular till is authorized to open the cast or handle any other media contained in the till. If there are discrepancies in the opening till, or if the sealed bag appears to be opened, the Cashier must call a Vault Associate immediately to resolve the discrepancy. Front End associates must use the pneumatic tube system for transporting cash, change and other register paperwork to and from the Vault. Cashiers must be escorted by a Head Cashier, Department Supervisor or a member of management when moving their till from one register to another.

- **Emergencies (SOP 09-05):** Associates must familiarize themselves with the policy regarding emergencies.

SAFETY RESPONSIBILITIES
